

## Application for Membership in NetVUE

The purpose of CIC’s Network for Vocation in Undergraduate Education (NetVUE) is to increase the capacity of independent colleges and universities to support their undergraduate students as they explore and discern their many callings in life. Membership is open to all accredited, independent, degree-granting colleges and universities that are interested in participating in NetVUE programs and services.

The NetVUE program regards vocational reflection as an interdisciplinary endeavor, bringing together theological, philosophical, ethical, historical, and affective approaches, implementing the theoretical reflections of these fields in vocation-related practices. Campuses are encouraged to support students in this work through a variety of academic departments, pre-professional programs, and campus offices (variously including career services, student success centers, advising programs, offices of religious or spiritual life, and many more). NetVUE is governed by a principle of subsidiarity: individual member institutions are encouraged to shape their work related to vocation and calling—including the vocabularies that they use to describe this work—in ways that are best suited to their own missions, teaching philosophies, student demographics, and other matters best known to those who lead and guide this work on campus.

**Membership Dues:** Annual NetVUE dues are based on undergraduate full-time equivalent (FTE) enrollment. Below is a schedule of dues for this year:

<b>FTE Undergraduate Enrollment*</b>	<b>2024</b>
Up to 599	\$1,700
600 - 999	\$1,800
1,000 - 1,499	\$2,000
1,500 - 1,999	\$2,300
2,000 - 2,999	\$3,100
3,000 - 3,999	\$3,300
4,000 - 4,999	\$3,600
5,000 and above	\$3,900

*\* To calculate your institution's FTE Undergraduate Enrollment, use the U.S. Department of Education's IPEDS "Fall Enrollment" survey data for the most recent academic year; adding the number of total full-time undergraduate enrollment to one-third of the part-time undergraduate enrollment; the sum of these two numbers is the total FTE enrollment.*
