Note: The individual pages for each indicator are identified on the tabs as "R" for region; "F" for financial resources; "S" for enrollment size; and "C" for Carnegie classification.

## INTRODUCTION

---

The Key Indicators Tool (KIT) was developed for the Council of Independent Colleges (CIC) by the Austen Group in 2004. This annual benchmarking report provides 20 indicators of institutional performance for small and mid-sized private not-for-profit colleges and universities. Part A covers student information (enrollment, recruitment, progression) and information related to the faculty. Part B covers a wide range of financial information, such as tuition revenue and financial aid, as well as resources and expenditures. The KIT benchmarking report is an important component of CIC's data initiatives, designed to enhance institutional effectiveness and decision making. This confidential resource is prepared for the exclusive use of CIC member presidents, who in turn may choose to share some or all of the report with key staff, board members, or other constituents. Originally developed with support from the William Randolph Hearst Foundations, CIC gratefully acknowledges Ruffalo Noel Levitz's continued financial support of CIC's benchmarking reports.

### Data

The KIT uses data from the Integrated Postsecondary Education Data System (IPEDS), the major national source of publicly available information on postsecondary institutions, provided by the U.S. Department of Education's National Center for Education Statistics. The KIT dataset contains information on approximately 850 four-year, private not-for-profit colleges and universities belonging to six Basic Carnegie Classification categories that represent 95 percent of CIC's membership: Baccalaureate Colleges–Diverse Fields, Baccalaureate Colleges–Arts & Sciences, Master's Colleges and Universities (smaller programs), Master's Colleges and Universities (medium programs), Master's Colleges and Universities (larger programs), and Doctoral/Professional Universities. Institutions are identified using the new 2021 Carnegie Classification. Only institutions with complete data for all five years of comparison are included in each table and chart.

Beginning with the 2021 KIT, CIC has used the IPEDS "Instructional, research and public service FTE staff" and "Part-time instructional, research and public service" variables for indicators Student/Faculty Ratio (Key Indicator 6) and Part-time Faculty (Key Indicator 7). Previously CIC used "Instructional staff, primarily instruction, Full-time and Part-time." As a result, the KIT report will rely on the IPEDS calculation for instructional FTE and a broader definition for instructional staff. For the vast majority of CIC institutions this will make no difference, but for a few it will result in a more useful measure of student-faculty ratio and percentage of part-time faculty.

Data from IPEDS were not altered nor were missing values imputed unless corrected information was provided to CIC directly from an institution. CIC member institutions with incomplete IPEDS data for the most recent year were given the opportunity to submit data prior to the 2024 KIT report. In situations where some data for an institution were unavailable, the tables that present the institution's data contain blank cells and the data were not plotted on that indicator's charts.

### Format and Analyses

The KIT provides an individually customized report for each institution with regional and national comparisons over a five-year period based on four sorting criteria: region, financial resources, enrollment size, and 2021 Basic Carnegie Classification. Four pages or worksheets are devoted to each of the 20 indicators, one page for each sorting criterion. Each page contains two charts: a national comparison and a regional comparison.

**Individually Customized.** A customized KIT has been prepared for each CIC member college and university. Each institution's unique data are plotted against national and regional backdrops. On pages presenting comparisons by financial resources, enrollment size, and Carnegie classification, a box in the upper right corner indicates the institution's corresponding category.

**Five-Year Trends.** To understand how an institution has performed over time and to indicate the direction of a trend, the charts cover five-year periods. Indicators 1-11 cover academic year 2018-2019 through academic year 2022-2023. Indicators 12-20 cover academic year 2017-2018 through academic year 2021-2022. In every case, the most recent IPEDS data are used. When data are presented as whole numbers, a five-year percentage change is calculated.

**Medians versus Means.** The KIT uses national and regional median values (identical to the 50th percentile). The advantage of using median values instead of the mean (average) is that the median is less influenced by high or low extremes, thus providing a more meaningful mid-point for comparative purposes.

**Four Sorting Criteria.** The 20 indicators are presented according to four criteria: region of the country, financial resources, enrollment size, and 2021 Basic Carnegie Classification. The individual pages for each indicator are identified on the Excel tabs as "R" for region; "F" for financial resources; "S" for enrollment size; and "C" for Carnegie classification.

1. **Region:** Each institution is located in one of the six regional categories as outlined below. These regions were selected to reflect the distribution and affinity of CIC member institutions and are not identical to those assigned in IPEDS.

<b>Region</b>	<b>State</b>
Far West	Alaska, California, Hawaii, Nevada, Oregon, Washington
Mid East	Delaware, District of Columbia, Maryland, New Jersey, New York, Pennsylvania
Midwest	Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Ohio, Wisconsin
New England	Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont
Southeast	Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, West Virginia
West	Arizona, Colorado, Idaho, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, Utah, Wyoming

2. **Financial Resource Quartile:** Each institution was placed in one of four quartiles based on an institution's financial resources. The financial resource measure was calculated by converting two equally weighted indicators: *Net Tuition Revenue per Student* (Key Indicator 15) and *Endowment Assets per Student* (Key Indicator 18). An average of the three most recent years for this calculation is used to create a percentile rank of all institutions in the dataset. Each institution was then assigned to a national and regional quartile based on the distribution of the KIT dataset for the most recent year.

3. **Enrollment Size:** Institution size uses four enrollment categories: (1) fewer than 1,000 students; (2) 1,000 to 2,000 students; (3) greater than 2,000 to 3,000 students; and (4) greater than 3,000 students.

4. [2021 Basic Carnegie Classification](#): The KIT provides comparisons based upon the following five basic Carnegie classifications established in 2005 and revised in 2021: Baccalaureate Colleges–Diverse Fields, Baccalaureate Colleges–Arts & Sciences, Master's Colleges and Universities (smaller programs), Master's Colleges and Universities (medium programs), Master's Colleges and Universities (larger programs), and Doctoral/Professional Universities . These classification groups comprise 95 percent of CIC's membership. For additional information about the 2021 Basic Carnegie Classifications, including definitions of various categories, visit:

<https://carnegieclassifications.acenet.edu/>

**Distribution.** The following table shows the relative distribution of institutions in the KIT dataset within each region by national financial resource quartile, enrollment size category, and Carnegie classification.

	Financial Resources	%	Enrollment Size	%	Carnegie Classification	%
<b>Far West</b>	Quartile 1 (top)	41%	>3,000	27%	Doctoral/Professional	24%
	Quartile 2	20%	2,001-3,000	10%	MA-Larger	14%
	Quartile 3	23%	1,000-2,000	26%	MA-Medium/Smaller	29%

					BA-Diverse Fields	10%
<b>Mid East</b>	Quartile 1 (top)	34%	>3,000	25%	Doctoral/Professional	17%
	Quartile 2	28%	2,001-3,000	25%	MA-Larger	25%
	Quartile 3	27%	1,000-2,000	34%	MA-Medium/Smaller	23%
	Quartile 4 (bottom)	11%	<1,000	16%	BA-Arts & Sciences	25%
					BA-Diverse Fields	10%
<b>Midwest</b>	Quartile 1 (top)	23%	>3,000	17%	Doctoral/Professional	13%
	Quartile 2	29%	2,001-3,000	19%	MA-Larger	18%
	Quartile 3	24%	1,000-2,000	38%	MA-Medium/Smaller	25%
	Quartile 4 (bottom)	24%	<1,000	27%	BA-Arts & Sciences	24%
					BA-Diverse Fields	20%
<b>New England</b>	Quartile 1 (top)	44%	>3,000	30%	Doctoral/Professional	15%
	Quartile 2	25%	2,001-3,000	24%	MA-Larger	25%
	Quartile 3	16%	1,000-2,000	28%	MA-Medium/Smaller	22%
	Quartile 4 (bottom)	14%	<1,000	18%	BA-Arts & Sciences	30%
					BA-Diverse Fields	8%
<b>Southeast</b>	Quartile 1 (top)	14%	>3,000	16%	Doctoral/Professional	15%
	Quartile 2	21%	2,001-3,000	13%	MA-Larger	8%
	Quartile 3	25%	1,000-2,000	34%	MA-Medium/Smaller	21%
	Quartile 4 (bottom)	40%	<1,000	37%	BA-Arts & Sciences	26%
					BA-Diverse Fields	29%
<b>West</b>	Quartile 1 (top)	13%	>3,000	15%	Doctoral/Professional	13%
	Quartile 2	24%	2,001-3,000	11%	MA-Larger	17%
	Quartile 3	31%	1,000-2,000	33%	MA-Medium/Smaller	27%
	Quartile 4 (bottom)	32%	<1,000	41%	BA-Arts & Sciences	6%
					BA-Diverse Fields	38%
	<b>National</b>		>3,000	20%	Doctoral/Professional	16%
			2,001-3,000	17%	MA-Larger	17%
			1,000-2,000	33%	MA-Medium/Smaller	24%
			<1,000	29%	BA-Arts & Sciences	23%
					BA-Diverse Fields	20%

**Appendix.** At the end of each part of the report is an appendix that defines each indicator, detailing the source of the IPEDS data utilized, and the formulas used to calculate ratios and other measures.

## **The IPEDS Data Feedback Report**

Each fall the National Center for Education Statistics sends to college and university presidents a summary benchmarking report that compares IPEDS data from the most recent year for their institution to a select group of similar colleges and universities. This Data Feedback Report (DFR) may be a useful companion to CIC's Key Indicators Tool (KIT) report. Data for both reports come from the same source, although not all of the indicators are identical. Furthermore, the DFR provides data for only the most recent reporting year, whereas the KIT presents trends over the most recent five years. The Data Feedback Report for any Title IV participating institution is available on the IPEDS website:

<http://nces.ed.gov/ipeds/>

## **The Council of Independent Colleges**

The Council of Independent Colleges (CIC) is an association of 761 nonprofit independent colleges and universities, state-based councils of independent colleges, and other higher education affiliates, that works to support college and university leadership, advance institutional excellence, and enhance public understanding of independent higher education's contributions to society. CIC is the major national organization that focuses on services to leaders of independent colleges and universities and state-based councils. CIC offers conferences, seminars, publications, and other programs and services that help institutions improve educational quality, administrative and financial performance, student outcomes, and institutional visibility. It conducts the largest annual conferences of college and university presidents and of chief academic officers in the United States. Founded in 1956, CIC is headquartered at One Dupont Circle in Washington, DC. For more information, visit

[www.cic.edu](http://www.cic.edu)

For questions or comments about CIC's benchmarking services, including the Key Indicators Tool (FIT), please contact Ellen Peters, CIC Director of Strategic Research, by phone at (202) 466-7230 or by email at

[epeters@cic.edu](mailto:epeters@cic.edu)

## **RNL**

Ruffalo Noel Levitz (RNL) is the leading provider of higher education enrollment, student success, and fundraising solutions. The firm serves more than 1,900 colleges and universities through data-driven solutions focused on the entire lifecycle of enrollment and fundraising, assuring students find the right program, graduate on time, secure their first job in their chosen field, and give back to support the next generation. With a deep knowledge of the industry, RNL provides institutions the ability to scale their efforts by tapping into a community of support and resources. To learn more, visit:

[www.RuffaloNL.com](http://www.RuffaloNL.com)

## CIC BENCHMARKING SERVICES

---

CIC is pleased to offer the following benchmarking services to enhance the Key Indicators Tool (KIT).

### Comparison Group KIT

**Fee:** \$500

This service provides CIC members a customized KIT report with the 25th, 50th, and 75th percentiles for each indicator for either one or two comparison groups selected by the institution. Customized groups permit more refined comparisons that may be useful for particular strategic objectives. Comparison groups may range in size from five to 25, though groups of 10 to 15 are recommended. Selecting two groups provides for multiple comparisons, perhaps of a peer and an aspirant group (see “Guidelines for Selecting Comparison Groups” available on the CIC website). Comparison institutions may be selected from among private, not-for-profit, four-year colleges or universities in the United States.

### Online Consultations

**Fee:** \$650 (KIT only)

**Fee:** \$950 (KIT and FIT)

CIC has arranged with Mike Williams, president of the Austen Group, to provide web-based consultations using an institution’s KIT report with senior staff, boards, or faculty groups. The interactive online session employs voice and shared graphics, allowing participants to engage in substantive conversation about the institution's concerns and goals in light of the KIT data. This service provides a cost-effective approach to enhancing the value of the KIT for your institution. It also is possible to extend what is generally a one-hour consultation to 90 minutes to include the companion Financial Indicators Tool (FIT) in the presentation. The fee for a consultation using both the KIT and the FIT is \$950. Consultations should be scheduled at least four weeks in advance.

For additional information or to request any of these benchmarking services, please visit:

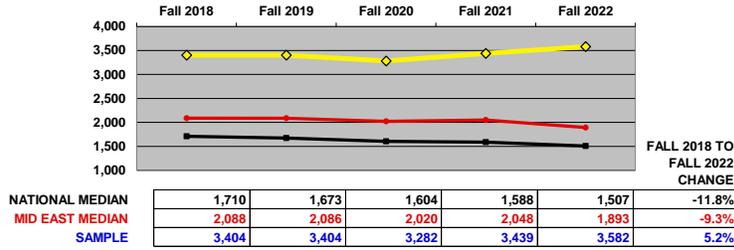

[www.cic.edu/BenchmarkingServices](http://www.cic.edu/BenchmarkingServices)

Or contact Ellen Peters, CIC Director of Strategic Research, by phone at (202) 466-7230 or by email:

## RETENTION RATE (%): BY CARNEGIE CLASSIFICATION (4C)

**DEFINITION:** The first to second year retention rate is the percentage of the fall full-time cohort (minus exclusions) that re-enrolled at the institution as either full- or part-time students in the fall of the next year. See Introduction for information on the Carnegie classifications. (All national and regional data are presented as medians.)

## DATA INFORMATION: DEFINITIONS, IPEDS SOURCES, AND FORMULAS

To use this appendix, visit <http://nces.ed.gov/ipeds/datacenter/> and follow these steps:

- select "Compare Institutions"
- enter your institution's name
- select "Continue" to see variables

### 1) TOTAL FALL ENROLLMENT

---

**Definition:** Total fall full-time equivalent (FTE) enrollment, including undergraduate, graduate, and first-professional students.

**IPEDS:** Frequently used/Derived variables  
Fall enrollment/retention rates  
Total, full- and part-time enrollment and fall FTE  
**Full-time equivalent enrollment (Fall enrollment derivation)**

### 2) FIRST-YEAR ENROLLMENT

---

**Definition:** Total fall full-time, first-time degree-seeking undergraduate students.

**IPEDS:** Fall Enrollment  
Gender, attendance status, and level of student  
Fall 1980, Fall 1984 to current year  
*Qualifying variable: First time*  
**Full time total**

### 3) ADMISSIONS YIELD RATE (%)

---

**Definition:** Percentage of admitted students who enrolled.

**IPEDS:** Admissions and Test Scores  
Admissions and test scores  
Number of applications, admissions, and enrollees  
**Admissions total**  
**Enrolled total**

**Formula:** 
$$\frac{\text{Enrolled total}}{\text{Admissions total}}$$

### 4) RETENTION RATE (%)

---

**Definition:** The first to second year retention rate is the percentage of the fall full-time cohort (minus exclusions) that re-enrolled at the institution as either full- or part-time students in the fall of the next year.

**IPEDS:** Retention rates, Entering Class and Student to faculty ratio  
Retention rates  
Fall 2003 to current year  
**Full-time retention rate**

## 5) GRADUATION RATE (%)

---

**Definition:** The six-year, cohort graduation rate for full-time, first-time degree-seeking undergraduate students. For example, the Fall 2016 Cohort rate is the percentage that graduated by end of Summer 2022.

**IPEDS:** Graduation Rates  
Graduation rate data within 150 percent of normal time - 4-year and 2-year institutions  
Gender - 1997 to current year  
*Qualifying variables: Bachelor's or equivalent degree/certificate-seeking subcohort (4-year institutions); select both Adjusted cohort (revised cohort minus exclusions) and Completers within 150% of normal time total*  
**Grand total**

**Formula:** 
$$\frac{\text{Completers within 150\% of normal time}}{\text{Adjusted Cohort (revised cohort minus exclusions)}}$$

## 6) STUDENT/FACULTY RATIO

---

**Definition:** Total fall full-time equivalent (FTE) enrollment, including undergraduate, graduate, and first-professional students, divided by instructional faculty FTE.

**IPEDS:** Frequently used/Derived variables  
Average salaries and full-time equivalent staff  
Full-time equivalent staff by occupational category: 2012-13 to current year (new HR occupational categories based on SOC 2010)  
**Instructional, research and public service FTE staff**

Frequently used/Derived variables  
Fall enrollment/retention rates  
Total, full- and part-time enrollment and fall FTE  
**Full-time equivalent enrollment (Fall enrollment derivation)**

**Formula:** 
$$\frac{\text{Full-time equivalent enrollment (Fall enrollment derivation)}}{\text{Instructional, research and public service FTE staff}}$$

## 7) PART-TIME FACULTY (%)

---

**Definition:** Full-time equivalent (FTE) for part-time instructional faculty as a percentage of total instructional faculty FTE.

**IPEDS:** Human Resources  
Full- and part-time medical and non-medical staff by occupational category, faculty and tenure status  
New HR occupational categories based on SOC 2010  
*Qualifying variable: Instructional, research and public service*  
**Part-time employees**

Frequently used/Derived variables  
Average salaries and full-time equivalent staff  
Full-time equivalent staff by occupational category: 2012-13 to current year (new HR occupational categories based on SOC 2010)  
**Instructional, research and public service FTE staff**

**Formula:** 
$$\frac{(\text{Part-time employees} / 3)}{\text{Instructional, research and public service FTE staff}}$$

#### **8) ASSISTANT PROFESSOR AVERAGE SALARY (\$)**

---

**Definition:** The average salary for assistant professors equated to a 9-month contract.

**IPEDS:** Frequently used/Derived variables

Average salaries and full-time equivalent staff

Average salaries of full-time non-medical instructional staff equated to 9-month contracts, by academic rank: 2012-13 to current year

**Average salary equated to 9 months of full-time instructional staff - assistant professors**

#### **9) ASSOCIATE PROFESSOR AVERAGE SALARY (\$)**

---

**Definition:** The average salary for associate professors equated to a 9-month contract.

**IPEDS:** Frequently used/Derived variables

Average salaries and full-time equivalent staff

Average salaries of full-time non-medical instructional staff equated to 9-month contracts, by academic rank: 2012-13 to current year

**Average salary equated to 9 months of full-time instructional staff - associate professors**

#### **10) FULL PROFESSOR AVERAGE SALARY (\$)**

---

**Definition:** The average salary for full professors equated to a 9-month contract.

**IPEDS:** Frequently used/Derived variables

Average salaries and full-time equivalent staff

Average salaries of full-time non-medical instructional staff equated to 9-month contracts, by academic rank: 2012-13 to current year

**Average salary equated to 9 months of full-time instructional staff - professors**
