

2026 Presidents Institute

A Deeper Purpose

January 4-7, 2026 • Signia by Hilton Orlando Bonnet Creek • Orlando, FL

The Council of Independent Colleges

Streamlining Transfer Through an Online Portal

Presenters

Richard Keaveny, CEO, Acadeum

Michael Murray, President, Arthur Vining Davis Foundations

A. Hope Williams, President, North Carolina Independent Colleges and Universities

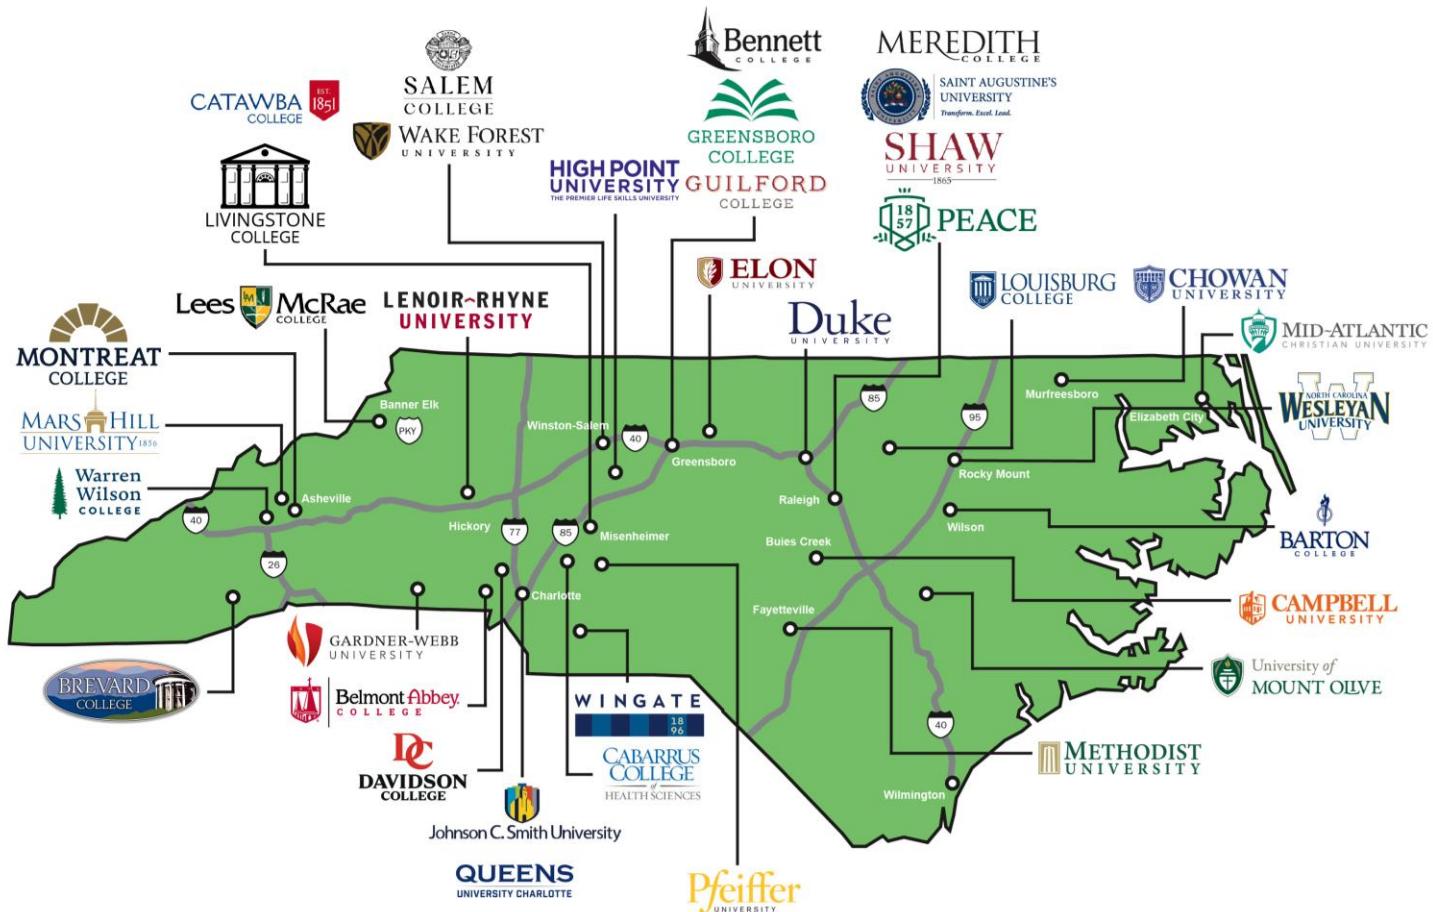

NORTH CAROLINA INDEPENDENT COLLEGES & UNIVERSITIES

NCICU Transfer Portal Presentation

North Carolina Independent Colleges & Universities

www.ncicu.org

The Independent Comprehensive Articulation Agreement (ICAA)

between signatory institutions of the North Carolina Independent Colleges and Universities (NCICU) and the North Carolina Community College System (NCCCS) is intended to provide a smooth transfer for community college students who wish to continue their education at one of the NCICU institutions that have signed the agreement.

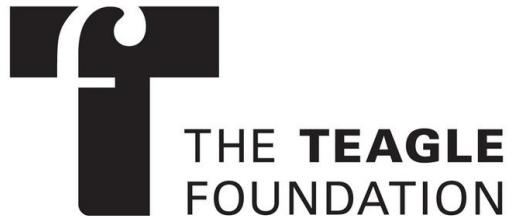

Discipline-Specific Articulation Agreements

We have also developed discipline-specific agreements, including an agreement in Psychology and Sociology an important transfer pathways grant project funded by the Teagle Foundation:

- [Early Childhood Education](#)
- [Fine Arts](#)
- [Music](#)
- [Psychology & Sociology](#)
- [RN to BSN](#)
- [Teacher Education](#)
- [Theatre](#)

NCICU Receives \$1.3M Grant to Partner with NCCCS to Streamline Transfer Pathways. Funded by:

Gates
Foundation

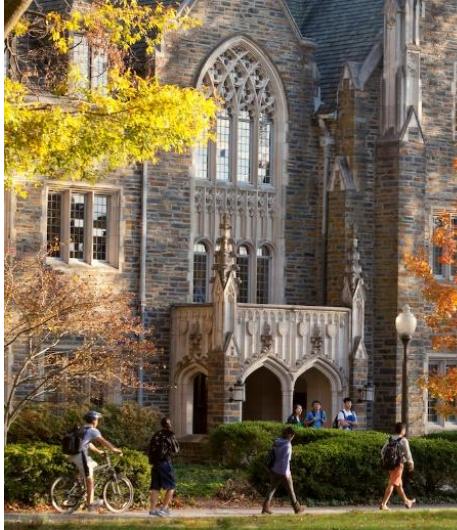

Engagement in Developing the NCICU Transfer Portal

Funded by:

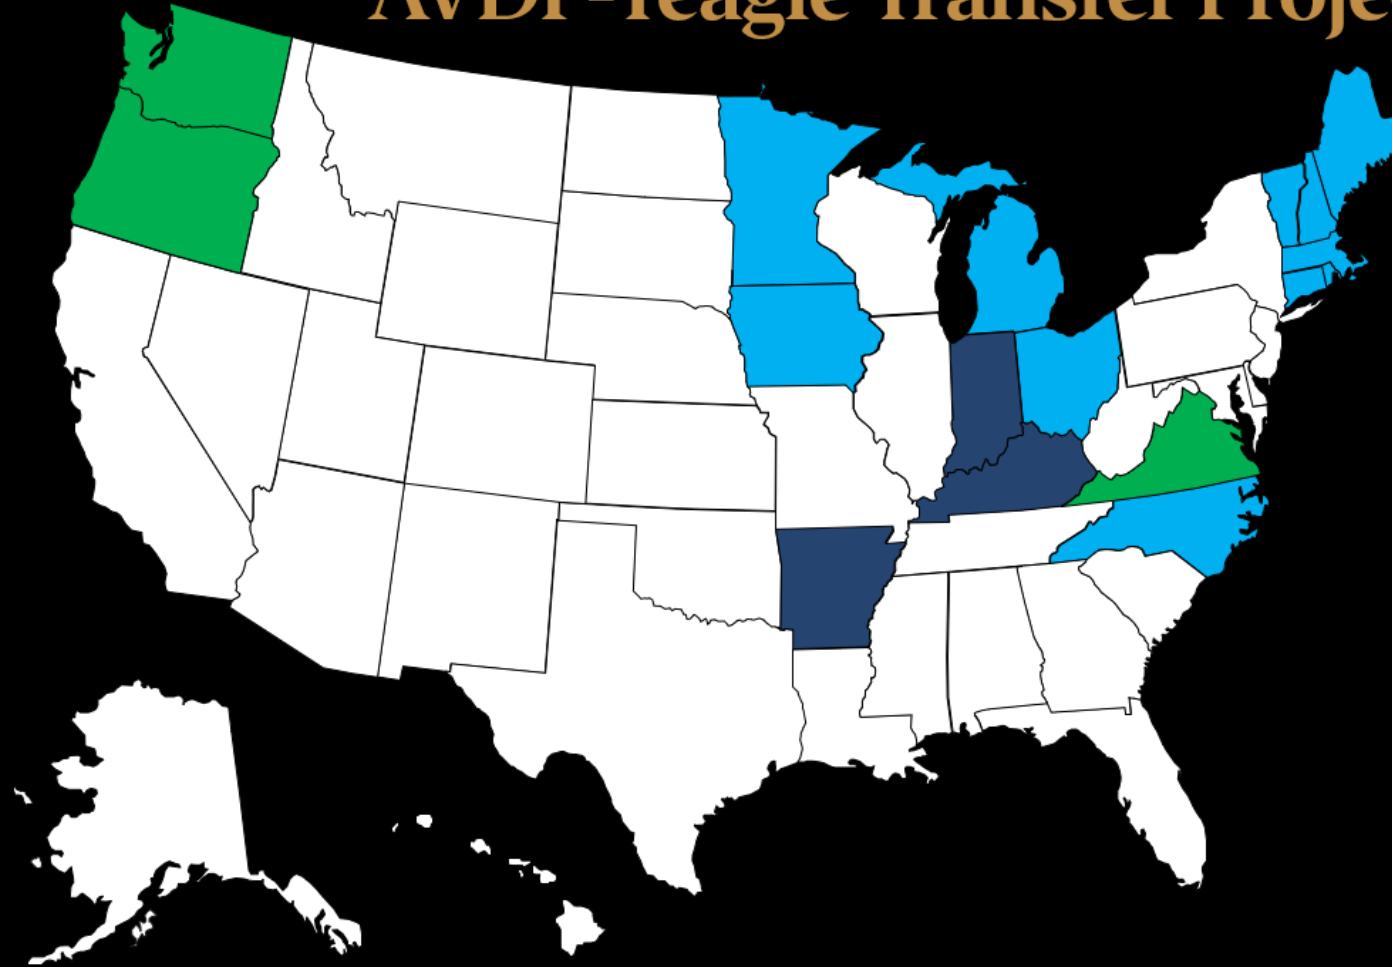

- NCICU/NCCCS Advisory Committee
- Office Hours
- Surveys
- Regional Meetings
- Statewide Conference

AVDF-Teagle Transfer Project

Completed
MN, MI, IA, OH,
NC, CT, RI, MA,
ME, NH, VT

Implementation
Underway

WA, OR, VA

In Development

AR, IN, KY

Select upload method

Search

Select educational qualifications from the institutions and organisations we have in our network.

Bulk upload by file

Ideal for adding multiple educational qualifications. Drag and drop file in .xlsx or .csv format.

Select educational qualification

Academic courses

College or university courses you've completed for credit. Include the course code, title, and grade as they appear on your transcript.

Certificates & Licenses

Professional certificates, industry-recognized credentials, or state licensure that may apply toward your program of study. Examples include CNA, EMT, CompTIA, or Microsoft certifications.

Military Training & Experience

Training or courses completed through the U.S. Army, Navy, Air Force, Marines, or Coast Guard. Use your JST, CCAF, or official service transcripts to record these credits.

Exam Credits

Credits earned with standardized exams like AP, CLEP, DSST, or IB. Include your score and completion year. Most colleges award credit for qualifying scores - check your institution's policy for details.

International transcripts are not currently supported for evaluation in the NCICU Transfer Portal. We recommend contacting your intended institution directly to discuss evaluation options for international coursework or credentials.

AAS Pathway: 60 credits

General information

4 years • 120 total credits • Undergraduate • In Person

Description

The Catawba College Department of Nursing seeks to prepare competent, diverse nursing professionals to meet the holistic health care needs of a culturally diverse society. In the 100% online RN2BSN program, we aim to provide a solid foundation in liberal studies that effectively melds with and capitalizes on a student's real-life work experience as a registered nurse. Students in the RN2BSN degree program can enroll at multiple start dates throughout the year into our 8-week block structure of 100% online courses. As an RN2BSN program student, you will be taking two courses at a time, however, most adult students enroll in four or more courses per semester, making them full-time and eligible for maximum financial aid programs.

CHE 112: General Chemistry 2

 William Peace University ①

In-Person Chemistry Undergraduate 4 credits

Description

This is the second semester of a two-course sequence that will introduce the fundamental principles of chemistry, matter and the changes that matter undergoes in addition to topics relevant to biology majors and environmental issues. Students will use demonstrations and laboratory experiments to obtain a clear understanding of the material presented. Offered spring.
